🐙 AlanKowalczyk

Education

Caltech CTME <i>Postgraduate Program in Artificial Intelligence & Machine Learning</i>	Online 08.2024 – 09.2025
Abertay University <i>MSc in Computer Science with Artificial Intelligence (Distinction, CGPA 3.88)</i>	Dundee, UK 10.2023 – 11.2024
Adam Mickiewicz University <i>Master's Degree in Astronomy (Faculty of Physics)</i>	Poznań, Poland 10.2005 – 06.2011
University of La Laguna <i>Erasmus Exchange Program (Astrophysics)</i>	La Laguna, Spain 09.2009 – 01.2010

Professional Experience

UCSI University <i>Teaching Assistant</i>	Kuala Lumpur, Malaysia 06.2025 – 01.2026
Alan Kowalczyk Driving Limited <i>Owner/Founder and Managing Director</i>	United Kingdom 09.2017 – 04.2025
Self-Employed (eCommerce) <i>Online Business Owner</i>	United Kingdom 04.2021 – 04.2023
Sara Properties Shirebrook Ltd <i>Owner/Founder</i>	Shirebrook, United Kingdom 04.2017 – 01.2021
Various Companies <i>Various roles</i>	Poland and UK 09.2011 – 03.2017

Technical Projects

Forex Trading Bot (Python)

Prototype algorithmic trading system analysing FX market data and testing strategy logic. Implemented financial data processing and exploratory strategy development using Python.
GitHub: https://github.com/AlanKowalczyk/Forex_Bot

Financial Sentiment Analysis (Python, NLP)

Machine learning project analysing sentiment in financial text data using natural language processing techniques. Built classification pipeline for financial sentiment prediction.
GitHub: https://github.com/AlanKowalczyk/Financial_Sentiment_Analysis

Classic Machine Learning Classifiers (Python)

Implementation and comparison of common machine learning algorithms using scikit-learn, including model training, evaluation, and data preprocessing.
GitHub: https://github.com/AlanKowalczyk/classic_ML_classifiers

Minimum Spanning Tree – OOP Implementation

Object-oriented implementation of graph algorithms demonstrating knowledge of data structures and algorithmic problem solving.
GitHub: https://github.com/AlanKowalczyk/OOP_Minimum-Spanning_Tree

Personal Portfolio Website

Personal website presenting projects and technical work, built using HTML, CSS and JavaScript.
Website: https://alankowalczyk.github.io/Portfolio_website/

Certifications

HarvardX

Data Science and Machine Learning

10.2024 – 05.2025

HKUx

FinTech

11.2024 – 03.2025

StanfordOnline

Databases: Relational Databases and SQL

10.2024

MITx

Computational Thinking using Python

05.2023 – 12.2023

Technical Skills & Research Methods

Programming: Python, JavaScript, PL/SQL

Financial Data Analysis, Machine Learning, Algorithmic Trading, NLP for Finance

Libraries: NumPy, Pandas, SciPy, Scikit-learn, Matplotlib, PyTorch, TensorFlow

Web Technologies: HTML5, CSS, JavaScript, PHP, MySQL, PL/SQL

Operating Systems: Linux (Debian/Ubuntu), Windows

Soft Skills: Adaptability, Analytical Thinking, Complex Problem Solving

International Mobility: Demonstrated ability to live and conduct research across Poland, Spain, the UK, and Malaysia.

Experienced in multicultural academic and professional environments.
